ART GALLERIES

From fine art to folk art, build your collection with works by thousands of emerging and established artists showcased along High Street.

PUBLIC ART

The Short North Mural Series has become one of the most anticipated and celebrated projects in the Short North Arts District. The murals and site-specific public art represent incredible community-wide collaboration among the District's art galleries and many of our community's leading arts institutions and artists.

MUSIC & PERFORMING ARTS

Local bands play weekly shows in businesses and busk on the sidewalk during Gallery Hop, and a revived theatrical presence lights up historic District stages.

OTHER ART & EXHIBITION SPACES

Enjoy art all throughout the Short North Arts District in its non-traditional exhibition spaces, including retailers and restaurants. Whether you're shopping for a suit or sipping a coffee, find local art in your favorite businesses.

GALLERY HOP

Celebrate art throughout the evening with new gallery exhibitions, street performers, special events, food, and drinks throughout the District on the first Saturday of each month.

TEMPORARY ART

Whether a Pop Up Shop or a temporary installation, the art of the Short North Arts District is continually evolving. Keep up to date with District happenings on our blog and social media.
